### ANIMAL CELL THERAPIES, INC.

San Diego, CA

#### OPERATIONS MANAGER

September, 2014 to Present

- Implemented and managed transition from a single inbound phone line to an in-house multi-line PBX system, saving the company 95% on annual phone costs vs purchasing multiple inbound lines from the telecom vendor. Managed day-to-day operation and troubleshooting of PBX system.
- Implemented and documented new processes for HR management, including transition from manual record keeping to an online HRIS with an employee self-service component, saving approximately 25 man-hours per week.
- Streamlined and modernized legacy operations processes to reduce paper documentation and increase record-keeping consistency.
- Worked with the Director of Quality to design and implement a document management system that met the regulatory requirements without being excessively cumbersome for a company of seven people.

### REILLY COMPUTERS

San Diego, CA

#### TECHNICIAN

July 2012 to September 2014

- Helped small business and home clients make appropriate technology decisions based on their budgets and needs.
- Set up and configured a new network and server for a small business client, and helped them implement its use in their daily work.
- Conducted troubleshooting and repair sessions for small business and home users.

### 25TH HOUR ASSISTANTS

Lafayette, IN / San Diego, CA

#### WORDPRESS DEVELOPER / VIRTUAL ASSISTANT

January 2008 to September 2012

- Developed and deployed Wordpress-based websites for small business owners.
- Integrated 3rd-party plugins into Wordpress sites.

## EDUCATION

---

### THINKFUL

December 2018

#### FULL STACK FLEX

- Learned industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, jQuery, Node.js, React, Redux, and algorithms & data structures.
- Created and deployed mobile-first applications while learning new languages and frameworks by collaborating several hours every week with a senior web developer.
